Combat Medical Care (CMC) Conference
13th and 14th June 2018 in Neu-Ulm

Dear Ladies and Gentlemen,

We are very delighted to announce the next Combat Medical Care (CMC) conference which will held from the 13th and 14th June 2018 at the Edwin-Scharff-Haus in Neu-Ulm. The CMC is taking place biennial and has grown to the second largest gathering in "tactical medicine" outside the USA.

In 2016 over 1.300 participants from over 30 nations found their way to Ulm/Neu-Ulm, Germany, to share latest methods and approaches with patients in combat medical care. Since then, combat situations have moved into the focus as real threat for EMS, physicians and law enforcement.

The **German Society for Military Medicine and Pharmacy** invites you to present your company, products and services at the third CMC-Conference, to be held on June 13th/14th 2018 at Ulm/Neu-Ulm, Germany.

With the huge interest of military, law enforcement, civil protection and emergency management, up to 1.300 participants may be expected.

The slogan "**who cares, wins**" describes not only taking the risk for the patient but also taking the advantage and the need of thinking ahead, planning to create training concepts and equipment.

We invite you to take the opportunity in participating this eagerly awaited third international CMC Conference.

You will find further information and an overview of possibilities to support our conference or special workshops, as well as the registration form, attached. See also www.cmc-conference.de for detailed information.

If you are interested in participation we kindly request to conclude a sponsoring agreement between you and the host of the event, the *Deutsche Gesellschaft für Wehrmedizin und Wehrpharmazie (DGWMP)*.

For sponsoring-related information, your designated point of contact is Ms. Katharina Löffler. (Phone +49 228 53684662, E-Mail: loeffler.katharina@dgwmp.de).

Sincerely

Dr. Jürgen Blätzing
Lieutenant General, MC (ret.)
President of the DGWMP e. V.
